 **9.5 million**
children are stunted from malnutrition.

 **21.8%**
of the population live below the poverty line.

 **40 million**
Bangladeshis are food insecure.

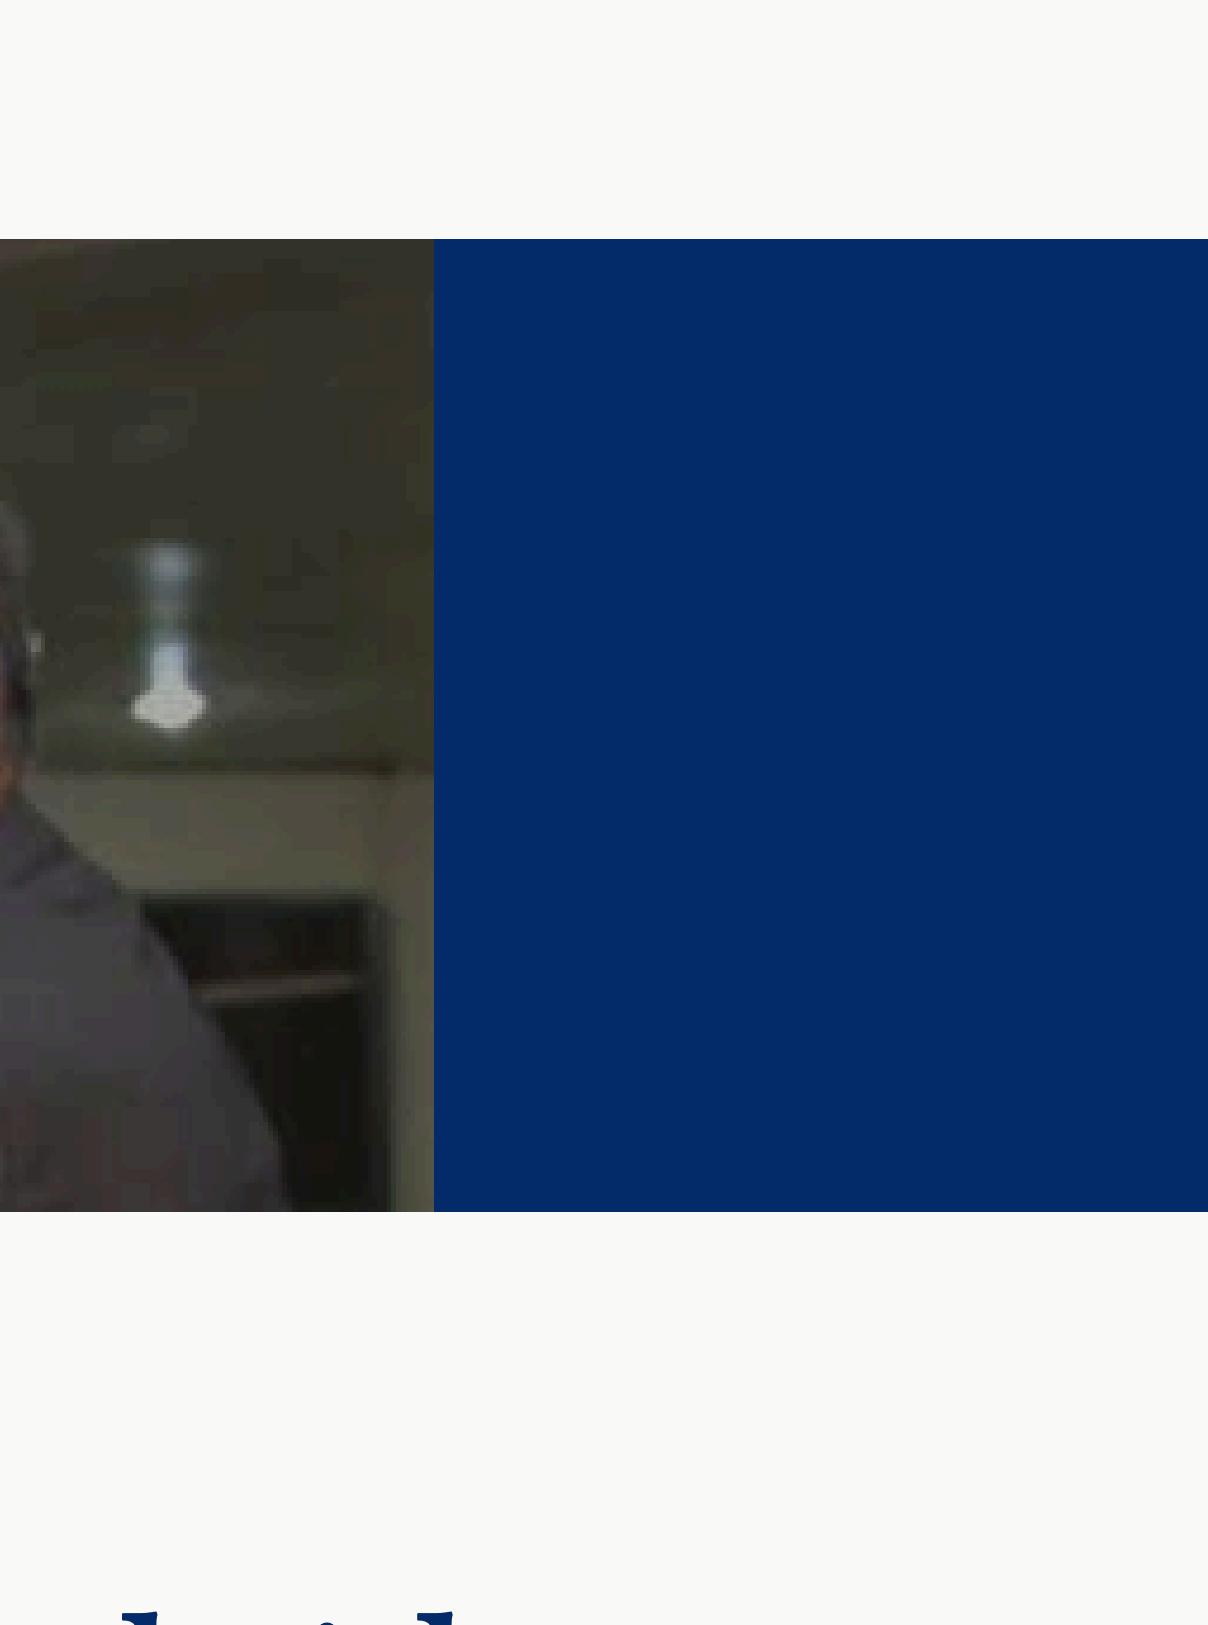

How We Help

By building and operating an accountable and sustainable distribution network to connect generous partners with hopeful beneficiaries.

Your love will Impact

Match your generosity to beneficiaries

What Is FoodAid

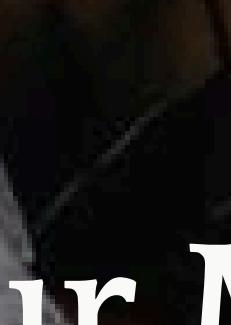

Created to finance humanitarian relief operations during the pandemics, Food-Aid provides an efficient logistics solution to ensure that funds are used to provide proper nutrition to those in need of assistance during emergency situations.

We match donations to those requesting aid, maintain transparency with donors and beneficiaries, and audit all donations and requests coming in. We hope to serve families quickly and efficiently, and work diligently towards a hunger-free Bangladesh.
